Colours

PANTONE® Black

The manufacturer belongs to the Green Point system created by Rekopol and supports the development of selective collection of packaging waste in Poland

printing area

Purpose of this proof is a general assessment of the graphic design, distribution, size and correctness of the texts. It will never reflect the final result in 100%. In the case of a printed proof, there might be colour deviations due to differences in printing technology and substrate used as well as type of light used to asses it. In case of digital proof, colours will be different due to different colour reproduction of your monitor, often lack of calibration and its limited colours space. **The colours on the final product may differ by +/- 15%** from the design values. Both, the recommended white background underprint of the logo, and the colour of the poured beverage change the perception of the printed colours.
